BV Mod. Ad.E 530 June 2017

This certificate consists of 3 page(s)

THE SCHEDULE OF APPROVAL

1. PRODUCT DESCRIPTION

Flameguard Mk 3 Suit

Design

- The Flameguard Mk3 suit is a two piece garment constructed in aluminised modacrylic cotton.
- The jacket has a stand up collar with modacrylic loop pile lining, elasticated cuffs, and is closed by 50 mm wide touch and close fastening to the front and neck.
- The trousers have 25 mm webbing bracers with adjusters to facilitate fitting a wide range of wearers. The lower leg is elasticated.
- Sizes: medium, large and extra large.

2. DOCUMENTS AND DRAWINGS

- Technical file dated 01/04/2012
- Donning instructions for use and maintenance
- Labelling

No departure from the above documents shall be made without the prior consent of the Society named on this certificate. The manufacturer must inform the Society of any modification or changes to these documents and drawings.

3. TEST REPORTS

- Protective clothing type-tested according to EN ISO 11612:2008.

Nota: no differences for the test requirements between 2008 and 2015 editions of the EN ISO 11612: test methods and acceptance criteria remain unchanged.

- Test reports No. 30/05883/1-2-3-4 issued on 23/11/2011 by BTTG Fire Technology Services.
- The outer material was type-tested for water penetration acc. to EN 20811 and achieved a water hydrostatic head of 2 metres (the maximum).

4. APPLICATION / LIMITATION

4.1 Approved for use as protective clothing for fire-fighter complying with the provisions of the Fire Safety Systems Code. The two piece garment composed by a jacket and trousers, both must be worn together and must be used in combination with approved boots, gloves and helmets together to provide the required protection.

In addition to the fire suit, the following personal equipment can be supplied:

- *Safety Helmet to EN 397 with visor and neck curtain,*
- *Medium Weight Rubber Gloves to EN 388,*
- *Wellington Boots to EN 20345.*

They will have to be acceptable to the National Authority of the country in which the ship is registered.

4.2 Number of full protective clothings and use on board ships to comply with SOLAS Convention including amendments to the satisfaction of the Administration.

4.3 Use and restrictions according to manufacturer's instructions.

5. PRODUCTION SURVEY REQUIREMENTS

5.1 The products are to be manufactured, examined and tested by the manufacturer in accordance with the approved type described in this certificate and Bureau Veritas Rules and Regulations stated on the front page of this certificate.

5.2 Production sites are to be recognized by Bureau Veritas as per NR 320 for HBV products. To this end, the manufacturer has to make the necessary arrangements for a Society's Surveyor to perform visits and product audits at the production sites.

5.3 The manufacturer has declared to Bureau Veritas that the products detailed in this certificate are manufactured at PG Products Limited, England.

5.4 Each protective clothing is to be supplied with its instructions for use and maintenance.

5.5 Bureau Veritas certificate is not required for the product to be fitted on board units to be classed with Bureau Veritas.

6. MARKING OF PRODUCT

Each piece of the protective clothing shall be marked with the following information:

- Manufacturer's name or logo;
- Size designation;
- Year of manufacture;
- Pictogram and levels of performance*;
- Number of the specific European Standard i.e. EN ISO 11612:2015.

* *Levels of the whole garment: A1 B1 C4*

- *A1 for limited flame spread;*
- *B1 for convective heat;*
- *C4 for radiant heat.*

7. OTHERS

This approval is given on the understanding that the manufacturer will accept full responsibility for informing shipbuilders or their sub-contractors of the proper method of fittings and general maintenance of the protective clothing and the conditions of this approval.

This certificate supersedes the Type Approval Certificate No. 18846/B0 BV issued on 14/09/2011 by the Society.
